NEBRASKA

WHY NEBRASKA

As CNBC noted in their 2013 State Rankings, "There is more than just corn in the Cornhusker State, which offers relatively low crime, clean air, and apparently a relatively stress-free lifestyle." Whether you prefer the laid-back environment offered by our rural areas, the quaint settings of our small towns, or the fast-paced lifestyle found in urban areas, Nebraska has something to suit everyone's tastes!

LIVING

While Nebraska does have four distinct seasons including winter (and snow), Nebraska also experiences extended spring temperatures and beautiful fall days filled with vivid colors. More importantly, Nebraska offers short commutes, affordable housing, world-class health care, leading-edge technology infrastructure, quality public and private education, and convenient and affordable transportation access.

Cost of living averages 89-90% of the national average

Exceptional health care for residents of all ages

Leading the nation in access to broadband services

One of the shortest commute times in America

RECREATION

Nebraska offers a diverse menu of recreation, entertainment, and cultural attractions. The Cornhusker State is nationally recognized for its world-class theaters, exceptional art and historical museums, abundant recreational adventures, and sporting events.

77,000 square miles offer opportunities for hunting, fishing, and boating

Three Division 1 universities offer abundant sporting events for every sports lover

The College World Series has been held in Omaha since 1950

Large number of unique and internationally recognized golf courses

World-class performing arts facilities are available in several communities

WORKING

With an unemployment rate hovering around 3.1%, the help wanted signs are plentiful in Nebraska. Whether you are pursuing your first civilian job, a technical career requiring specialized training, or a position that requires advanced study, you will find abundant opportunities across the state, in small towns and large cities.
